

Grade 9 to 12

- Students are expected to supply their own note paper (or notebooks), pencils, pens, binders, erasers, glue sticks, markers, loose-leaf paper as needed.
- Students taking Phys. Ed. Classes must also have non-marking running shoes and appropriate gym strip.
- Choir students will also need a 1" plain black binder
- All lockers will be provided a school-lock
- Grade 9 Bible students need E.S.V. or N.I.V. Bible w/Concordance

Calculators

- Grade 9 needs a 2 line display scientific calculator (smart phone / iPods will not work. Graphing calculators are not permitted).
- Grade 10 to 12 students will need a graphing calculator. We suggest having a graphing calculator that is approved by Alberta Education for use on Grade 12 science and math Diploma Exams.

To be approved by Alberta Education for diploma exam writing purposes, a graphing calculator must be a hand-held device designed primarily to perform mathematical computations, including logarithmic, trigonometric, and graphing functions. At minimum, a graphing calculator must have the following properties.

- Function graphing and display capabilities, including displaying more than one function at a time and tracing a function.
- Standard scientific calculator operations, e.g., sine, cosine, tangent, inverse functions, logarithms, power (x^n).
- Regression modeling functions.

Note: Students who use calculators that do not meet the minimum properties will be disadvantaged when writing mathematics diploma exams.

Alberta Education has approved the use of the following graphing calculators when writing diploma exams

Casio

- fx 9750 G Plus
- fx 9750 GII
- fx 9860 GII

Hewlett-Packard

- HP Prime Sharp (no longer manufactured or supplied to Canada)
- EL-9900
- EL-9600
- EL-9600C

Texas Instruments - Any version of the Ti83 or Ti84 is strongly recommended by ICSS teachers

- TI-*n*spire CX Handheld
- TI-83 Plus, TI-84 Plus, TI-84 Plus Silver, TI-84 Plus Pocket SE, or TI-84 Plus CSilver
- TI-84 Plus CE
- TI-83 (no longer manufactured), TI-83 Plus Silver (no longer manufactured)
- TI-*n*spire (with Touchpad or Clickpad) (no longer manufactured)
