PowerSchool

PowerSchool is currently closed to students and parents and will re-open on Thursday, January 28.

This shutdown allows teachers to finalize their course grades and for our semester two timetable to be developed.

EMPLOYMENT OPPORTUNITIES – Southland Trailers

Southland Trailers is looking to hire 30 or more positions over the next 2-3 months, with at least 10 by the end of this month. These positions are not short term and could potentially lead to long lasting work and trade opportunities. They are seeking employees for all aspects of their production process, including welders, painters, finishers (cabinetry and custom work), and assembly workers. There will also be some opportunities for kitchen work with a large café being finished in one of the plants soon (will serve needs of employees and potentially open to the public).

The best fit would be students completing their high school at the end of semester 1, or grade 11-12 students that would be available for 30 + hours per week.

Student workers, or very recent grads, would be in line for RAP or Work Experience opportunities depending on the work they undertake. No previous experience is needed. All training is done on-site, and employees have opportunities to work with different stages of the production over time (may start in assembly but could move to welding and apprenticeship for example).

Those who may be interested and available can contact Mr.Bekkering or Ms.Witten for a follow-up meeting to discuss the opportunities in more detail and the steps for moving forward, if they meet Southlands needs and qualify for Work Experience and/or possible RAP credits.
